**To Whomsoever It May Concern**

Ms. Sangeeta Satish Rao executed a project entitled “Parallelisation of the Monte Carlo Algorithm with the help of Force Bias Monte Carlo” between August 2020 and October 2020 for a period of two months. She showed a lot of enthusiasm, perserverance, hard work and acumen in implementing the algorithm. She programmed with python language and developed the code without my help in programming. I admire the interest she showed in the work.
